

Goblin Combe Vision & Objects

Vision

To help everyone realise their potential through experience
in the natural environment

Objects

- Create opportunities for young people and disadvantaged groups to gain access to the natural environment and educational resources
- Provide and facilitate opportunities for residential study and experience in the countryside
- Provide educational and training facilities and opportunities for lifelong learning within the community
- Sustainable development and provide opportunities for the demonstration of resource efficient technology
- Educate the public in environmental matters and develop a wider appreciation of the natural environment
- Promote for the benefit of the public, the use and enjoyment of the natural environment
- Promote and develop partnerships and collaborative working between organisations whose objects complement our own
- Promoting, for the benefit of the public, the conservation, enhancement and improvement of the environment and raise the importance of sustainable development in relation to our activities
